

# Kabbalah, Money and Business

We all encounter money in our lives; some receive a salary, others work freelance. Some live on investments while others don't work at all - or at least for no apparent gain!

According to Kabbalah, every aspect of life is a reflection of the Divine as shown in the diagram of the Tree of Life - so just how do money and business fit into this scheme?

Jonathon Clark has been looking after other people's money in one way or another for forty years and has been a student of Kabbalah with Z'ev ben Shimon Halevi (Warren Kenton) since 1992.

You are warmly invited to join Jonathon in the inaugural version of this workshop exploring ways in which Kabbalah can help us relate to money and business and enable us to unify the worlds in an area which everyone encounters in some form or another.
