

Kabbalah, Quantum-physics and New Biology

Monday 27th and Tuesday 28th of August 2018, Hawkwood College, UK (prior to Kabbalistic Summer school)

Information about the workshop

During the past few decades there has been a growing interest in drawing together the principles of spiritual traditions with the material sciences. Many scientists have concluded, through their research and experiences that the boundaries defining matter are not as stable and fixed as previously thought, consequently old theories are being re-examined in the light of new discoveries. The new biology and Quantum physics are such revolutionary developments. They shed a different light on what we think of as matter, DNA, other hereditary factors, and the place of consciousness in this whole scheme. The task of connecting these new explorations with the metaphysics of the Tree of Life and Jacob's Ladder is a fascinating and exciting Kabbalistic adventure. I have written about this research in an article in Harvest of the Tree of Life (a collection of writings honoring Z'ev ben Shimon Halevi and his teaching over 30 years in the Netherlands) and also use it in my teaching in Holland.

Mike Bais from Holland is a Kabbalist, physiotherapist, holistic therapist and University lecturer. He has run his own organization, Avalon, for over 15 years and followed the work of Z'ev ben Shimon Halevi (Warren Kenton) for over 17 years.

He is one of the directors and a tutor in the Kabbalah Society Holland (Utrecht) and has run his own group for 8 years, also teaching in international seminars. He sees the great value of integrating Kabbalah with contemporary sciences, music, art and ordinary, daily life.

COURSE DETAILS of Hawkwood College

Hawkwood College: Painswick Old Road, Stroud, GL6, 7QW, UK

Course title: Kabbalah, Quantum Physics and the New Biology

Course number: 18-350

Starting date: Monday, August 27, 2018

Registration time: 16:00 h

First Meal: supper (or not)

Day courses - Morning start time 9.30am unless otherwise indicated

Weekends - Evening registration is followed by supper together at 6.30pm, course begins after supper.

Finish date: Tuesday, August 28, 2018

Finish time: 16:00:00 h

Last Meal: lunch / aft tea

Residential participants may have to vacate rooms by 9:30 am on day of departure.

Course fee for participants:

Residents (single) - £135.00 - supper B&B + lunch and refreshments

Residents (shared) - £115.00 - supper B&B + lunch and refreshments

Non - residents - £70.00 - arrival 7.30pm Mon, no supper, lunch & refresh
