

Kabbalah and our Body – 18th February

The first workshop of the year will look at the body and the Way of Action, its relationship to the Tree of Life and the psyche (the Yetziratic Tree). In the morning session physical exercises and meditations will be practised to investigate the body and its relationship to the Four Elements of Earth, Water, Air and Fire. In the afternoon session we will continue to work with and unify these more within us so that we can deepen our experience of the Four Worlds and hence receive more the influx of the upper worlds.
