

Kabbalistic Painting Courses South West France in 2021

Sally Annett and Stephen Pope have collaborated to create a series of Kabbalistic painting courses in France for 2021. Both Sally and Stephen have trained in the Kabbalah Society Toledano Tradition with Warren Kenton, and both now live in South West France where they continue their studies and work.

These courses highlight the central themes of Annett's and Pope's work, that of Nature and The Divine Feminine Principle.

The courses are all inclusive in luxury venues, with three available options from June to September, each with a slightly different emphasis, technique and materials.
